Allowable Subject Matter

Claims 2, 5, 7-12, 14, 15, 17 and 18 are allowed.

The following is an examiner's statement of reasons for allowance:

With respect to claim 17, prior art fail to teach or reasonably suggest a sun-position tracking system comprising a plurality of generally parallel fixed rods fixed to the plate and having outer ends extending outward past the plate and a sector gear fixed to the frame outside the outer edge of the plate and wholly below the plate, in addition to the other limitations of the claim.

Claims not specifically addressed are allowable due to their dependency.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
